Felipe Cabanillas

Is a classic Colombian central midfielder. Very strong physically, using by his 1m88 height and body build, he also is extremely strong technically, with tackles without fouls and crisp passes to the offensive midfielders and strikers. He has an uncanny vision of the field, looking for incisive crosses or passes, leading the open man. Cabanillas has a strong long distance shot on goal and is always looking for a shot-on-goal opportunity.

He was considered one of outstanding young prospects in Colombian football, having played his first First Division match for Once Caldas when he was 17 years old.
